

## Design & Technology of Integrated System in nanoscale era 2017

Universitat de les Illes Balears  
4<sup>th</sup> – 6<sup>th</sup> April 2017

### CONFIGURATION OF ACCESS TO THE WIRELESS NETWORK

**Username**

**dtis@wifi.uib.es**

**Password**

**riera2017sa**

1. Connect to the Wi-Fi with SSID “**eduroam**” network.
2. Enter the username and password given in this document.

In case of problems associated with the previous network:

1. Connect to the Wi-Fi with SSID “uib@events” network.
2. Enter with the password “uib@events”.
3. Click on the ' Access for guests ' option.
4. Enter the username and password given in this document.

### NOTES:

- Attendants coming from an institution that belongs to the **Eduroam** program can get connected to the “**eduroam**” wireless network. In order to get connected to this network, the credentials (username/password) served by the foreign institution must be used. It is important to use the user format that contains the domain of the institution (eg user@university.es).
- The connection to the “**uib@events**” and “**eduroam**” wireless networks can be established from anywhere in the UIB campus.

### Terms and conditions of use of the Wi-Fi user account:

- Anyone using the account must be somehow related to the meeting.
- The organization is responsible for any action taken from this service with this user account.
- The wrong usage of the network service will cause the definitive deactivation of the account in addition to the corresponding measures on the part of the Universitat de les Illes Balears.
